

## University of Graz

### three available doctoral positions within the research project

### "Elastic Borders: Rethinking Borders in the 21st Century" (2022-2026)

led by **Prof.Dr. Bilgin Ayata** and funded by the **Nomis Foundation**

(<https://nomisfoundation.ch/research-projects/elastic-borders-rethinking-the-borders-of-the-21st-century/>). The project is based at the **University of Graz** (<https://homepage.uni-graz.at/de/bilgin.ayata/research-projects/>). This interdisciplinary research project examines the transformation of contemporary borders and border practices with a focus on the southern external frontiers of the European Union.

---
